

**NE/NASTRAN**  
finite element analysis

[www.NENASTRAN.com](http://www.NENASTRAN.com)  
877.NENASTRAN

**Q. Will this be ...**

- a) A yacht mast
- b) An F1 chassis
- c) A rocket nose cone

**A. It doesn't matter with NE/NASTRAN**

**Our Product:**

**NEW Version 8.2**

- Linear Static, Complete Nonlinear, Dynamics, and Heat Transfer solutions
- Complete file transfer support for **ALL** major CAD systems (CATIA, UG, Pro/E...)
- Composite shell elements, Maximum stress/strain theory
- Advanced PCGLSS, Lanczos, & VSS Solvers = **rapid solutions**
- Automatic symmetric lay up creation with ply-by-ply input
- Optimization and Trade Studies (Industry unique NE/Nastran Editor)
- Equivalent Orthotropic material input
- Failure Index, Strength Ratio and Failure Theories (Hill, Hoffman & Tsai-Wu)
- True NASTRAN power with packages suited to meet all needs and budgets

**Our Customers:**

**Boeing • Cessna • Lockheed • Northwest Composites • C&D Aerospace**

**Our Company:**

**Noran Engineering Inc.**
